

432-ZA(-DS)

Tab/screw connector block
with peg, with marking "R Mp/N"

Tab/screw connector block 432-ZA is available in 2-pole design. It is equipped with a one-piece metal part on mains and equipment side avoiding contact resistance inside the connector.

The wire protector of the "DS"-version reliably prevents damage to multi-wire flexible conductors by the turning screw.

This type features the additional permanent marking:
„R Mp/N“
