

## 950-T(-DS)

PCB connector

Screw connection, interlocking

The PCB connector 950-T with a pitch of 5 mm is available in 2- and 3-pole design. Lateral latching elements on the housing allow to latch the PCB connector to longer terminal strips without pole loss.

The wire protector of the "DS"-version reliably prevents damage to multi-wire flexible conductors by the turning screw. The screws are secured against self-loosening.
