

983-S/-ZS

PCB connector

Screw connection, 1 solder pin per pole

RoHS
COMPLIANT

1) Backwall (Version -ZS)

The PCB connector 983-S with a pitch of 10 mm features in spite of its small dimensions, large clearance and creepage distances.

This version is equipped with one solder pin per pole and is available in 2- to 26-pole design.

The conductor terminal is of head contact design, whereby the screws and square washers are movably connected.

For easier connection, the non-rotably mounted square washers are automatically lifted when the screw is loosened.

The connector can be mounted side-by-side in the nominal pitch.

Variant "-ZS" features an additional back wall.
