

Product Obsolescence Notification

PON-2019-05

December 3, 2019

1 Types affected

Multiple Series
Please see detailed list on the following pages.

The products listed here include standard, custom and standard parts with options. If you have purchased a specific product from the range of the specified series for which the part number is not listed here, please contact your local WECO representative.

2 Reason

Following a Product Rationalization Review, it has been decided to discontinue the following products due to low demand. Hence, we hereby announce the obsolescence of the parts lists in the enclosed document. These products will be removed from our sales program and product offering at the end of the product life cycle (refer to the last column of information in the PON). This also applies to associated special and custom parts. The complete list of all affected products can be found on the following pages.
